Re: DN 10-31279-MDF, A Modification of a CON Under Docket No. 08-31279-CON, Purchase of an Existing Radiation Therapy Practice and Acquisition of a Replacement Linear Accelerator to Establish a Hospital Satellite Radiation Therapy Facility in Trumbull

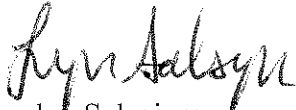

Dear Ms. Martone:

On June 26, 2009, OHCA granted Bridgeport Hospital's Certificate of Need to purchase an existing radiation therapy practice and acquire a replacement linear accelerator to establish a hospital satellite radiation therapy facility in Trumbull. That CON was subsequently modified under DN 10-31219-MDF.

In accordance with the conditions of the original CON approval, I would like to inform OHCA that Bridgeport Hospital has installed a Varian Trilogy Silhouette linear accelerator in its Trumbull radiation therapy practice, located at 5520 Park Avenue, and treated the first patient on September 13, 2012.

If you have any questions, please don't hesitate to contact me at (203) 384-3946. Thank you.

Sincerely,

A handwritten signature in cursive script, appearing to read "Carolyn Salsgiver".
